

false\_type

```
classDiagram
    class nlohmann_detail_is_json_ref["nlohmann::detail::is_json_ref< typename >"]
    class false_type
    nlohmann_detail_is_json_ref --|> false_type
```

The diagram illustrates a class hierarchy. At the bottom is a class box for `nlohmann::detail::is_json_ref< typename >`, which is shaded gray and divided into three horizontal sections. Above it is a class box for `false_type`, which is white and also divided into three horizontal sections. A blue arrow with a hollow triangular head points from the top section of the lower class to the bottom section of the upper class, indicating that `false_type` inherits from `nlohmann::detail::is_json_ref< typename >`.

nlohmann::detail::is  
\_json\_ref< typename >
