

false_type

```
graph BT; A[nlohmann::detail::is_constructible_tuple<T1, T2>] --> B[false_type];
```

The diagram illustrates an inheritance relationship. At the bottom is a gray box representing the base class `nlohmann::detail::is_constructible_tuple < T1, T2 >`. A blue arrow points upwards from this box to a white box above it, which represents the derived class `false_type`. The white box has three horizontal sections, with the top section containing the text `false_type`.
